The Folio is not sold, it is sent free to each subscriber supporting non-profit, non-commercial KPFK, and contains the most accurate possible listings of the programs broadcast. Subscriptions to KPFK are \$30 per year, and are transferrable to the other Pacifica stations. Our Transmitter is on Mt. Wilson. We broadcast in stereo multiplex with 25 microsecond pre-emphasis. Dolby calibration tones air daily before the principal evening music program. KPFK is owned and operated by the Pacifica Foundation, a non-profit institution. KPFK is a member of the Association of California Public Radio Stations and the National Federation of Community Broadcasters.

Suzi Weissman, KPFK's Friends Coordinator and producer of the weekly program, *Portraits of the U.S.S.R.*, grew up in Montana, majored in English literature at Berkeley, and graduated from Stanford University. She was an anti-war activist in those years and listened to KPFA in the Bay Area. From there, she went to Great Britain, where she lived for the next 8 years, six of them studying in Glasgow, Scotland, where she did a post-graduate diploma in Russian Language, and M. Phil in Soviet Studies, and is a Ph.D. candidate at the Institute of Soviet and East European Studies at the University of Glasgow. She is also an editor of the journal *Critique: A Journal of Soviet Studies and Socialist Theory*, which is published in Glasgow.

When Suzi and her husband, a refugee of Pinochet's Chile, came to L.A. 2½ years ago from Scotland, they found adjusting to America and Los Angeles difficult and depressing. At the time Suzi says she was fairly bound to the house as the mother of a newborn baby and a 2 year old toddler, and with the completion of her doctoral dissertation hanging over her head. She turned to the radio rapidly and became a "KPFK junkie". "I couldn't believe such a radio existed, especially, of all places, in Los Angeles! It was an anomaly! I could listen to intelligent and unique programming that actually enhanced one's ability to think critically. I knew I had to be part of that organization!" Not only did Suzi come to KPFK, but so did her husband, who produces the Spanish Language News. Her children, now 1½ and nearly 4 are also often to be seen running up and down the corridors of KPFK.

Her aim with the Friends, Suzi says, is to get KPFK known in the various communities of Southern California. The Friends are the key to Community outreach, as well as the fundraising they do. Currently, Suzi is organizing a Book, Record and Miscellanea Sale for July 10 & 11 to be held upstairs in Studio Z at KPFK, which will feature all sorts of KPFK memorabilia, a valuable collection of audio equipment and thousands of wonderful books, among other things. Suzi urges you to come to this sale and help support KPFK, by buying whatever takes your fancy.

Suzi has done special programming at KPFK on such various themes as Mothering, and the Arms Race, but her main interest is the Soviet Union, and her program, *Portraits of the U.S.S.R.*, can be heard Thursdays at 4 pm. Suzi says the point of her program is neither to glorify nor vilify the Soviet Union (and often other post-capitalist countries) but rather to understand it. "If we can't critically examine existing societies in transition, how will we ever hope to transform our own?"

Report to the Listener

Jim Berland,
General Manager.

After three months of energetic service, Susan Kernes has decided to leave her responsibilities as Music Director. I want to thank her for the energetic efforts expended during this time, and indicate that KPFW will be receiving applications for Music Director until July 15, 1982. Please mail a resume to Program Director, KPFW, Box 8639, Universal City, CA. 91608. Attention: Music Director Search.

This month's report comes from Pacifica President Peter Franck. I would like to thank all of you new subscribers for bringing our pledge and contribution total in the Spring Drive to \$175,000. While this was somewhat short of our growth goal, it was within \$9,000 of last years' "largest fund drive ever." An additional \$3,800 was contributed on Peace Week Staurday to defray KPFW's share of the costs for the magnificent 9 hours satellite broadcast from Central Park and San Francisco. Thank you for your continued support, as you can tell from the following, we need friends to stay with us.

for Peace and Pacifica,
Jim Berland

"Pacifica Washington License Threatened"

"Ronald Reagan has a Hitler-like mentality". A caller to WPFW's live "Upstream" program said so on August 10, 1981. An organization called the American Legal Foundation says that WPFW should have immediately notified Ronald Reagan and offered him equal time on the air. In a sixty page brief to the Federal Communications Commission, the American Legal Foundation urges the FCC to silence Pacifica's Washington station, WPFW-FM, for this and a laundry list of other classified violations of FCC rules and regulations.

Daniel J. Popeo, the Chair of the

American Legal Foundation, has been described in the conservative press as "the Ralph Nader of the Right". The ALF petition to deny renewal charges that the station's programming violates the Fairness Doctrine (which requires that coverage of "controversial issues of public importance" be generally balanced). The petition claims that WPFW's coverage of the situation in El Salvador, its coverage of racism in the United States, and a number of other issues, is biased and unfair. Other charges include the alleged broadcast of "obscene" or "indecent" material (primarily in the context of a late night comedy program); violations of the Commission's rules on commercial-like announcements and on editorials.

It is ironic that a station which is dedicated to the service of the local community in the only disenfranchised territory in the continental United States should become the first station selected for attack by the New Right. WPFW is a minority controlled and led station which serves the local Washington D.C. and metropolitan community. It is listened to by one out of every ten people in its signal area. (This is an enormous audience for a non-commercial station; most stations hover between a half percent and one percent of their signal area's audience.) WPFW is known and recognized throughout the Washington area as a station serving community needs, and yet the American Legal Foundation charges that the station is "racist".

In responding to the ALF petition, Pacifica's attorneys pointed out to the FCC that the American Legal Foundation has:

"... failed in its petition to demonstrate any basis whatsoever for the denial of Pacifica's application and, indeed, has done little more than assemble a limited collection of baseless al-

legations which raise no substantial or material questions about the operations of station WPFW or Pacifica's qualifications to remain its license."

In a fifty page brief, Pacifica's legal counsel convincingly show that none of the charges have been demonstrated by the ALF petition; the brief highlights numerous examples of WPFW's outstanding service to the community, including a Resolution of the District of Columbia City Council which commended the station for its:

"... demonstrated commitment to providing access to those voices in the community who have the least access to the airwaves, either commercial or public, and to remaining an access point for media professionals and for other artists through special and regular programming."

The National Black Media Coalition (NBMC), an organization broadly respected for years of consistent work on behalf of access to and control of media outlets by minorities, filed an outstanding brief in support of Pacifica's position. The NBMC points out that:

"... it is readily apparent that the ALF petition represents a deliberate effort by a far right wing organization to silence a liberal, progressive radio station."

The NBMC goes on to criticize the "... overtly political purposes of the ALF, which is the censorship of broadcasters with which it disagrees".

NBMC is strongly concerned with the chilling effect of any action against WPFW. They suggest that sanctions on WPFW will:

"... create important financial incentives for broadcasters to produce only bland, inoffensive,

non-controversial programming, discussing issues (if at all) from to just to the left or the right of center in order to provide lip service to the fairness doctrine, but avoiding more extreme (left or right) views."

NBMC cautions that a sanction against WPFW would encourage a massive witch-hunt against other progressive broadcasters. The Commission is cautioned against selective enforcement of its rules. In the 1970 WUHY case, then Commissioner Nicholas Johnson commented:

"When we do go after broadcasters, I find it pathetic that we always seem to pick upon the small, community service stations..."

Pacifica pioneered "listener sponsored radio" which has in the past few years become an important medium throughout the country. From its inception in 1947, Pacifica has been committed to the use of radio in the furtherance of the values of equality, justice and peace. Pacifica believes that people who are committed to different goals than these also have the right to access to the air for their views, however, we deplore the attempt by the ALF to use the government to close off the voices of the people who cannot buy access to the air.

Today, deregulation threatens what little diversity there has been on the airwaves. The conservative "New Right" claims to believe that government should stay out of people's lives; it is ironic, then, that the American Legal Foundation is asking the government to shut down a radio station which is committed to serving, not advertisers, but the people of the greater Washington area.

We are confident that the FCC will agree with us that the charges of the ALF are not proven. The tragedy of this situation is that we

must divert valuable and scarce resources from the pressing task of serving the information and cultural needs of the community by paying lawyers' bills and filing legal briefs. Pacifica's out-of-pocket costs simply to petition the Commission to renew WPFW's license without setting the case for an adversary hearing are over \$13,000. If the Commission should order a hearing, we anticipate legal expenses will be more than \$200,000. This diversion of community resources is tragic and we trust that the Commission will put an early stop to it.

People who want to help in this important fight to protect WPFW's license can send contributions to:
Pacifica WPFW License Fund
Pacifica National Office
5316 Venice Blvd.
Los Angeles, Ca. 90019

PLEASE DO NOT WRITE THE FCC! There are very strict rules against communicating with the FCC in a license case in any way, except through a formally filed brief. We cannot, and do not, seek such support; in fact, such unsolicited letters can make our case more difficult.

It is only because of Pacifica's increasing success as a voice for disenfranchised communities that Pacifica stations have come under costly attacks like these. This is not the first such challenge to a Pacifica station and, unfortunately, it may not be the last. But as long as Pacifica stations continue to provide access for views and cultural programs vitally needed by its listeners, the people who depend on Pacifica will come to its defense, ensuring that attacks such as these will always fail to silence the largest and oldest community radio voice in America.

INWARD & UPWARD

As I write this column, Peace Week, with its electrifying conclusion in New York City, June 12, has just been concluded. We can be pleased with the quality and diversity of the programs, with the listener response, and the support from the local press.

What now?

It seems to me that important questions were raised throughout Peace Week, and that these themes will continue to be developed throughout the next few months, such as:

Is nuclear war a "single issue"?

Is the peace issue co-optable under our present social system?

Would capitalism be rescued in a peace-time economy?

What trends in modern culture affirm or undermine a militarized consciousness?

What political positions will scientists and engineers take in the future?

Can the issues of nuclear war and nuclear power be separated?

Will people of color join the peace coalition in significant numbers without an anti-imperialist critique?

tique?

What role will the press play in the presentation of news about peace movement to the majority of Americans?

In other words:

What role will Cold War mythology play in the particular directions taken by the Peace movement?

Undoubtedly, these questions will be much discussed by our programmers and by our listeners. Perhaps we will be able to create another Peace Week in time for the fall Fund Drive. I cannot *personally* guarantee another million people in Central Park to top it off, but I can promise that we will continue a focused exploration into the inner spaces of how we think and what we feel, and what that means for our collective futures.

JULY FILM: Alas, nothing confirmed yet. The kids are out of school, so summer is the time of the BIG movies with lots of dazzle, action, and/or silliness, principally skewed to a teenage audience often with interests rather different from those of our membership.

We'll be laying in wait to snare the random thoughtful film which wanders into the marketplace, and

since the ones we get may be import or "art" films, there's a good chance these will be a series of "single, limited" screenings, utilizing the alphabetical rotation sys-

tem for the most equitable distribution of available seats. Remember, when we do this, we have no choice—it's one screening, or none at all. Stay tuned for announcements at 9 a.m. and 6 p.m. weekdays. We'll be happy to notify you personally of films not in the *Folio*, if you send us a bundle of regulation postal service stamped self-addressed 13 cent post cards.

Highlights

The Music Department will shine this Fourth of July weekend, when KPFK presents "America's Music"—three whole days and nights, beginning at 6:00 a.m. Saturday, July 3rd and ending at midnight Monday, July 5th—music performed and/or written by this country's artists. You'll hear some programmers in their regular time slots, and others in special slots, presenting music not featured in their regular programs. Look to the special Fourth of July Weekend listings for particulars.

On the Fourth of July, a form of American music never before heard on California air will be broadcast LIVE from KPFK's Studio Z. *Songs of Struggle, Identity, and Love* is an exciting mix of Asian-American music presented by even more exciting singer/musician/composers Charles Chin and Chris Iijima, live from New York for this weekend.

Chin, the darling of the New York Village crowd, has been singing, writing, and performing long before his stint as guitar and banjo for Buffalo Springfield in the late 60's. Chris and Charlie have just completed a sold-out engagement at Folk City in the Village.

Chris Iijima is one of the first Asian movement songwriters, noted for his album *A Grain of Sand*, co-written and performed with Nobuko Miyamoto. He will be singing at the Hudson River Folk Festival in New York this summer.

Chris and Charlie have just completed production of a new album, *Back to Back*. They will treat KPFK listeners to new pieces as well as their old favorites including New York Asian poetry and stories from a "Trinidad Chinese."

The live concert will serve as a kick-off of KPFK's brand-new Asian series, *East Wind*, which will air every week beginning in July. (Specifics to be announced at a later date).

Songs of Struggle, Identity, and Love will take place live in Studio Z, Sunday July 4, from 5 pm to 7 pm. The concert is produced by Miya Iwataki. You are invited, reserve your free seats today by calling (213) 877-2711.

The Orange County Friends of KPFK are having a Folk-Dance/Dinner Party at Veselo Selo's in Anaheim on October 9, 1982. Scrumptious Middle Eastern food and drink are promised and our own Mario Casetta will be on hand to teach Balkan and Greek dances. There will also be music. All this and you'll be supporting KPFK too. All proceeds to KPFK! For more information call Suzi at 877-2711 or Bill at (714) 833-6572.

Letters

Dear KPFK:

The News Department is probably the most important part of KPFK and the aspect which most closely defines the whole operation and separates KPFK from all other media. I have no serious criticisms about any of the personnel involved. However, here are some *minor* questions: I noticed even during Marc Cooper's broadcasts from Chile during Allende's brief tenure there, Mark had, and still has, a noticeable mishandling of indefinite articles. For example, he says "thuh" evening news instead of "thee" evening news. Also "uh" aircraft carrier instead of "an" aircraft carrier. Nit-picking aside, I wish he could contrive a way to put the late evening news on seven nights. Tony Cavin does great work on the *Morning Magazine*, and elsewhere, particularly sensitive and informed interviews (Bobby Sands' brother, and Blase Bonpane). Why is it that he always says "Reuter" when everyone else in the world says "Reuters?" Not really a complaint, rather a curiosity. I congratulate your observance of May Day at the Embassy Auditorium. May Day should be the biggest day of the year. Good Work!

Fund Raising is supposed to be a period when all the good regular programming is replaced by boring talk about economic survival. I am invariably disappointed when the "regular" programming comes back. The fund-raising periods have at least as much good KPFK programming as usual. It's exciting to hear about the things in addition to the *Folio* that people are learning about, like the nation, and Papa Bach's and the eloquence that Clare Spark, Jim Berland, Tony Cavin and even Mario Casetta (when he isn't dancing around the radio) is a treat to hear. The best thing he's done lately is his reading of the *Death Ship*. During the most recent fund drive, Helen Caldicott

was special as usual, Malcolm X was wonderful, and Peter Weiss Day and Marat Sade was as good a program as any. Better than most. When "regular" programming comes back, it's almost depressing to find so much folk music, *We Call It Music*, *Imaginary Landscapes*, the Larmans, *Chapel, Court & Countryside*, *Folkscene*, *The Big Broadcast*, et al. Some regulars that I do like however are John Breckhow (the best jazz programmer possible once the Dixieland is over) probably the only Charlie Parker regularly broadcast and the Tristano and Konitz are rare and fantastic. Ron Pelletier and Jay Green are *almost* as good. The former music director William Malloch has been a favorite of mine for years and still does a *Noon Concert* playing the only Stravinsky in town! Saturday night *Maximum Rock and Roll* is a maximum drag. I wish it were Breckhow. Among the shows that I go out of my way to hear are *The Iron Triangle* and *National Security*.

About the Malvinas and Maggie the Iron Maiden's thirst for colonization, is there such a thing as the South Pole treaty which has so far prevented drilling, digging and other exploitation of the continent? I hear the treaty is about to expire and maybe control over the Malvinas would give Maggie a head start when the Pole becomes available. I've heard reference to this possibility only from Roy Tuckman's guest Michael Venner. Check it out please. Thanks for the Delums hearings and in advance for Peace Week, and for the ACLU Reaganomics conference next week.

I belong to the Film Club although I haven't seen one since *Blue Collar*. I also enjoy *The Car Show* although I haven't driven a car for years. It's exciting to hear all the premiums getting into people's hands (or is it premia?) I am a Nation subscriber and am pleased

to have the company. Although I think that Fund Raising is my favorite programming, there are some regular programs which I never miss, especially Dorothy Healey, *The Health Department*, and *The Science Connection*. As another favorite would say . . . "persevere."

R. Webb

Dear Friends & Jazz Lovers:

You may have noticed that several weeks ago my voice disappeared from the KPFK airwaves. Although there have been several programmers that have left under somewhat confused circumstances in the past, this is not at all true in my case. I'm now working in the San Francisco Bay area, at what is by far the hippest 24 hour a day Jazz station in the entire known civilized world—KJAZ.

I want you all to know that I am truly grateful to KPFK's General Manager Jim Berland, his staff, and to all of you for the terrific support given to *Jazz Omnibus* over the past few years. I have nothing but the best of memories of the entire experience during my relationship with KPFK/Pacifica Radio.

You've heard me say time and again—Jazz is America's greatest art form. If you love it, let it be known that you do. Go out and support live Jazz whenever possible. Support the stations that play the music in its purest forms, and give your support to the organizations that are presenting the music in your community as well. Jazz is ours. Let's help it thrive and continue to grow.

And please, if you're ever in the Bay Area, tune in. I'm here five nights a week, and it would certainly be nice to hear from you.

My warmest regards to all,
Ron Pelletier
KJAZ-FM

Dear Clare:

Michael A Sharron's letter (May *Folio*, Sour Apple Tree) asks us to put blinders on our eyes, plugs into our ears, and to blunt ourselves to past and present world events.

If it is a fact that "there is a whole world out there filled with people who do not give a damn" about the horrors in this century, people who neither "listen to . . . Jerry Falwell" or to any alternative viewpoints, it may just be the reason why there is no end to hostility and strife.

I am a passionate observer of our nation's laws UNTIL I have prevailed on changing those which wreak cruel and inhuman punishment on innocent, or, perhaps not so innocent men, women, and children for seeking refuge, if only from hunger, on our shores. For I too was a stranger once in this blessed land.

Pray that our world is young yet, young and not perfect.

If we blind ourselves to the crying desperation and need of our fellow humans—of whatever origin, of whatever "legal" status—we are going to find ourselves on a roller coaster hurtling us all the way back into the oblivion of the Dark Ages. Once there, we will surely play out the final act of self-destruction.

Perfect or flawed, realistic or idealistic, KPFFK may be the tiny oasis on the horizon of a vast wasteland—a mere beginning where the thirsty, weary nomad finds refreshment, so he can start anew to make the desert bloom.

Mr. Sharron may be blind to the reality of this dream.

ACE!
Regina Backlar

Dear Mr. Stone:

I enjoy your programs and want to thank you first off. Secondly, I have some notes scribbled and I'm wondering if you can help translate

them into record-buying form:

A. "Pavilion of Dreams"

B. "First Light" (Harold Budd?)

Thanks too for introducing me to Phillip Glass's works. He's refreshingly new, if a bit too simplistic. I saw his group at the Music Center and was thoroughly impressed by Dora Ohrenstein, "Voice." I've been as yet unable to find her name on any recordings. If you have any access to her works I'd love to hear some on your show. I hope you were able to have caught the performance as well and heard her.

Thanks for your time and trouble.

Warm regards,
C. Fiederer

Dear Mr. Stone:

Please send me a copy of the list of works played on your program of March 23. I feel this is an excellent idea, given the obscure nature of much of the material presented on your programs. Since the spelling of many of the names cannot be deciphered in some instances from the pronunciation, something of this nature is almost a necessity. You might also consider spelling out some of the more difficult names on the air.

While I am writing I would like to urge you and others away from the apparently growing tendency to play musical selections with no announcement and essentially, no airspace between talking and music (indeed, not infrequently overlapping the two). This type of approach may seem more "artistic" in some sense, but I think it betrays a failure of letting the music speak for

Although I have many complaints about the direction in which music programming at KPFFK has gone over the last couple of years (especially about the extremely small number of works actually

scheduled in the *Folio*, i.e. specifically called out as opposed to naming only the announcer and/or period of music history to be covered) I have listened to the station long enough to know that change is the only thing permanent, so perhaps things will eventually swing back in directions which I appreciate more. I especially like your programs, particularly when the ratio of music to talk is high, but I would like to see more detail listed in the *Folio*.

Thanks,
C. Rice

Dear Carl:

Enjoyed your programming of the Kronos Quartet: it was *superb* the kind of programming an alternative radio station *should* be doing rather than the "diversification" which in reality programs what can be found ad nauseum to the right on the dial.) I am saddened by the deterioration of our music programming. As Public Affairs improves (doing a great job), culture disappears—what dictatorial, short-sighted policy is it that is driving out, en masse it seems, our best music/drama people? Sad indeed. Thank you for showing us what "alternative" radio should be—we miss you. And a thousand thanks again for *Imaginary Landscape*.

Sincerely,
Jerry Blandino

Dear Carl:

Your program of the Kronos Quartet was great. It is so good to hear a live concert with interviews and the Kronos Quartet and the new music they have found are a real addition to the music world.

Thank you!
T.K. Wang

During my brief tenure as Music Director, I've had the honor of working with some of the brightest, most creative music programmers I've ever encountered. I want to thank you all for your kind, supportive and enthusiastic letters to myself, as well as other Department members. I will continue to program the Friday Sunrise Concerts (6-7 a.m.) as well as my new program, *Amelia Airwaves*, Fridays 9:30-11:30 a.m. I am sorry things didn't work out differently.

—Susan Kernes

Dear Roy:

A note to tell you this early morning how much you are appreciated. You would know how much the two Alan Watts tapes mean to your audience, doubtless because they have impressed you too. You are that kind of large-minded, sensitive, cultured individual. All that KPFK has tried to keep alive of the liberal and progressive and enlightened spirit of the 60's/70's is so much represented in you and your programming.

I understand, particularly from a rebroadcast last Saturday (or Sunday?) morning of a meeting with the station's director, that KPFK is seeking to confirm its direction or to find a new approach which will serve us most, do the most good in this troubled country, etc. My vote for what you are and embody, Roy. A vote of confidence and thanks. The somewhat strident groups—I am glad they are heard. I am also glad there is Alan Watts and Jack Garra and the many imaginative, stimulating programs you schedule.

Yes, I am a KPFK subscriber—joined one early morning during your fund drive. If there is anything I particularly would like more of—you know that hour 5 to 6, when breakfast is being prepared, etc.—the Huxley lectures, the other tremendous things you have broad-

cast from time to time (and I have told so many people about them) are there at a good time of day for many of us. And they are tremendous food for thought to carry with us through the day. And

how many discussions have ensued at the UCLA Research Library Cataloging area after an inspired Roy of Hollywood program!

Kudos to you,
B. Christian

What exactly does earworks do?

Earworks designs and installs musically satisfying home audio systems, or counsels you in your own equipment purchase. A housecall diagnosis and repair service is also available.

Discount stores are not good places to go for advice. Market pressures force them to recommend components for reasons that have nothing to do with how well they reproduce music. Earworks' principal stock-in-trade is information and know-how, wedded to a reliable sense of how real, live music sounds. Earworks isn't beholden to any manufacturer. We can't offer you discounts, but we can guide you toward the most musical system in your price range. If you wish, your system will be set up and voiced by a thoroughly experienced audio professional. Please call for more information.

Your Subscription

The Computer.

Our computer is located in Santa Barbara. Your payment may not go into the computer as quickly as you might think because payments go to our lockbox and through the bank before they are fed into the computer. This process often takes more than a week from the time you send your payment. So, if you send your check by the 1st of the month, you may receive the Folio for the following month.

Bill Payment.

Always send a bill with your check!

We cannot credit your account correctly unless we know exactly what your check is paying for. If you send a check for a pledge payment without a bill, you might get credit for a new subscription and still be billed for your original pledge.

First Class Folio Mailing.

The Folio is mailed Second Class, and should take 2 to 5 days to get to most places. Unfortunately, our experience has not been good, especially with outlying areas. First Class mailing is available for \$10 extra per year (prorated at 85 cents per month for current subscriptions). If you get your Folio on time but would like to receive it *well before* the first of the month, you may want to get the First Class service.

I Didn't Get My Folio . . .

The Folio is mailed before the 24th of the month. If you have not received your Folio by the first of the month:

- 1) Check your subscription expiration date on the previous Folio mailing label (upper right hand corner of label).
- 2) Make sure you haven't moved without notifying us.
- 3) If you haven't moved and are currently enrolled as a subscriber, contact your local postmaster about delivery.
- 4) Send us a previous Folio label with an explanatory note and request a new Folio be sent to you.

Moving / Address Changes.

If you move, your Folio will not be forwarded unless you have requested Second Class forwarding from the Post Office. The best way to expedite an address change and assure continued receipt of the Folio is to contact us in writing 6 weeks before you move, giving us your name, old zip-code, and new address. There is an address form on the back page of the Folio that you can clip: it already has your current mailing label on its back. Always include your account number at the top of your Folio label for instant handling. Address changes that we get back from the Post Office cost us 25 cents apiece. Changes can take 8 weeks to affect your account.

Prisoner Subscriptions.

KPFK sends a free subscription to any prisoner upon request.

Cassette Folios for the Print Hand-

icapped. The Folio is available on cassette (returnable) to all print handicapped subscribers. If you'd like to receive the Cassette Folio, please tear off the address label on the back of your Folio and send it along with a note (or you may call). Within 2 months, you'll be receiving your complete program guide on cassette. The cassettes are returned to us at the end of each month to be re-used.

Exchange Mailing Lists.

KPFK exchanges and rents its subscriber lists to other organizations of common interest (Channel 28, Ralph Nader, ACLU, etc.). If you don't want to be on exchange mailing lists, send your Folio label to the Subscriptions Department and ask for an "NJ" code. Your name will then be automatically excluded from all mailings except for the Folio and other communications from KPFK.

ACTIVIST FILE

One thing KPFK has always needed is a centralized, up-to-date file of activists and their organizations. Staff and volunteer programmers have come and gone—and so has access to their contacts, address books, and rolladexes. Work on such a file has begun. This form has been developed so you'll know what information we'd like to have. If you or your organization want our programmers to know about you, please fill it out and send it to KPFK c/o Activist File. Thanks!
